<p><b>* Calculating pricing</b> - we charge for each <b>nights</b> hire that you have the gear. For example, collecting Wednesday, returning Friday, will be a 2 night hire. After the first 7 nights hire (column titled "7" on the price list), the price is then just a flat daily rate for each day after - that is the last column on the price list. A weekend hire will cover you for collecting either on a Friday or on a Saturday (9-12noon) and is the 2 night column on the list.</p>
